

## Mechanical Engineering Sector: January–June 2025

**In the first half of 2025**, compared to the same period of the previous year, **the value of mechanical engineering production** increased by **20.9%**, amounting to **2,438.1 million tenge**. The index of physical volume (IPV) compared to the same period last year was **111.1%**.

In terms of industry sectors, the following IPV figures were achieved: production of computers, electronic and optical equipment – 167.3%;

production of electrical equipment – 121.5%;

manufacture of motor vehicles, trailers and semi-trailers – 112.1%;

repair and installation of machinery and equipment – 112.0%; production of other transport equipment – 107.1%;

production of machinery and equipment not elsewhere classified – 101.3%.

**Exports** of mechanical engineering products for January–May 2025 compared to the same period in 2024 decreased by 28% in monetary terms and amounted to **1,260.5 million USD**.

The main export destinations during this period were: Russia (52.9%), Uzbekistan (8.5%), Kyrgyzstan (6.3%), Turkmenistan (4.7%).

**Imports of mechanical engineering products** for January–May 2025 compared to January–May 2024 increased by 1.5% in monetary terms and amounted to **9,864.0 million USD**. In the structure of imports, the main shares were: passenger car bodies – 5.3%; passenger cars with spark-ignition internal combustion engines with a cylinder capacity of more than 1500 cm<sup>3</sup> but not more than 3000 cm<sup>3</sup> – 4.7%; smartphones – 3.3%; passenger cars with spark-ignition internal combustion engines with a cylinder capacity of more than 1000 cm<sup>3</sup> but not more than 1500 cm<sup>3</sup> – 2.8%; reciprocating piston engines with a cylinder capacity of more than 1000 cm<sup>3</sup> – 2.6%.

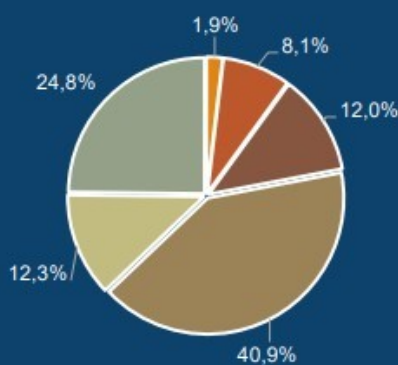

The main supplier countries of mechanical engineering products to Kazakhstan were: China (40.8%), Russia (11.5%), and the Republic of Korea (7.7%).

The industry is characterized by a high territorial concentration in the northern (Kostanay, Pavlodar, and North Kazakhstan regions) and central regions (Astana, Karaganda, and Akmola regions) of the country, as well as in the city of Almaty.
